WEIGHT LOSS AND BARIATRIC SURGERY

In association with the Weight Loss Surgery Group
(WLS)

3fivetwoTM
HEALTHCARE

Weight Loss and Bariatric Surgery

If you suffer from a weight problem then 3fivetwo can help you. We can offer you a consultation with a dietitian who can tailor a package specifically suited to your clinical needs and lifestyle.

3fivetwo can also introduce you to the Weight Loss Surgery Group who understand how important the decision is to have gastric surgery.

They can offer a 4 step approach, to include:

- Consultation
- Lifestyle plan
- Surgery
- Aftercare

Consultations are held in a confidential setting at the Medical Imaging Centre. The WLS Group Aftercare Package can follow your care step by step to help you achieve success in this long but crucial process.

Their aftercare programme will ensure that you learn the skills to get the best out of the surgery you have chosen. Gastric band adjustments can be carried out as part of this package or on a pay-as-you-need basis. This aftercare service is available to everyone and is not specific to those who have had their surgery with the WLS Group.

For further information or to arrange an appointment, call our Dedicated Private Patient Line:
